# WELCOME TO **TYGERBERG ANIMAL HOSPITAL**

*At TAH, we aim to give your pet the very best treatment available to ensure a successful and speedy recovery. TAH employs the most sophisticated and modern medical equipment to do so, providing high care and ICU facilities.*

TAH offers a 24-hour service at our Bellville Hospital, with a qualified veterinarian and orderly on duty to care for all hospital in-patients throughout the night.

Due to the nature of TAH after-hours services, emergencies will receive priority attention at the discretion of the veterinarian on duty.

A waiting period might be applicable - your patience is greatly appreciated.

## **PLEASE NOTE:**

### **Financial Implications**

We urge pet owners to discuss cost implications with the vet on duty before leaving their pets at the hospital. It is also imperative that the owner asks for regular updates on costs during the treatment of their pets.

### **Continuity of Service**

As a client, you may have to deal with more than one TAH representative. Being a veterinary group, TAH has the advantage of having a number of staff members available, allowing certain veterinarians to specialise in areas of interest.

*For normal office hours please phone us on 021 91 911 91 to book an appointment.*

*For frequently asked questions and their answers please go to [www.tah.co.za](http://www.tah.co.za), and find them under the resources tab.*
